The grant allocation process is based on call for concept notes specific to each country targeted by Nabni as a result of the country selection process. As mentioned above, each call for concept notes sets a strategic and geographic focus that needs to be considered in addition to the requirements of this Manual.

The partner selection and award process involve the steps described below.

Interested organizations must visit www.nabni-facility.org, go to the Funding Opportunity section, and access the NRC's e-Sourcing system to apply.
